

The floating „Future-Pyramid“ workshop and COP27 happening

by Joy Lohmann, together with Youth For Planet and Makers for Humanity, 6.11.2022

On Sunday, 6th of November, we will together mount a symbolic energy-pyramid for COP27! Beginning at 10 AM, we'll erect an artistic pyramid, mount a solar panel top and illuminate the whole thing as a symbolic lighthouse to call for climate action!

At 4 PM, we'll prepare „messages-in-the-bottle“ (the pyramid will float on plastic bottles) for an official happening with journalists and decision-makers from 6 to 7 PM.

With the „Future-Pyramid“ we'll set a high-level cultural symbol for cocreative climate action and start an energy-saving campaign together with the Youth4 Planet NGO for schools and youth organisations worldwide.

There are no requirements for young people age 14-27 to participate (max. 20 people). Please be aware, that this workshop will be documented on photo+film for international broadcasting. Make sure, that your appearance on media doesn't harm any copyright restrictions or personal feelings.

Workshop schedule November, 6th:

- 10 AM – Come together, project presentation
- 11 AM – construction of the pyramid
- 1 PM – lunch break
- 2 PM – installation solar-energy and illumination
- 3 PM – messages in the bottle (survey with forms)
- 4 PM – (transport?) and preparation for media event
- 5 PM – official media event „floating pyramid“
- 6 PM – end of the initial workshop/event

youth4planet
INTERNATIONAL

The workshop will take place at the Sharm El Sheikh College, Halomy St., Nea'ma Bay
The location for the media presentation can differ. (ongoing workshop on some water-body)

Please register online: <https://www.cognitoforms.com/Makers4humanity2/FuturePyramidWorkshop>
if you want to be part of the pyramid team or send an email with your name, age, town/country of origin, email + phone-number to joy@joy-art.de

Parallel to the COP27, our action continues and we'll improve and float the pyramid on a local water body. So, we're open to work with partners and volunteers over the whole COP27 period. Please let us know, when you're interested to join the „floating pyramid“.
